Chamber Advocates for Small Business Owners

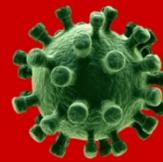

Impact of the Extended Lockdown Preliminary Meeting February 25th, 2021

On Thursday, February 25, the West Nipissing Chamber of Commerce hosted a virtual meeting with their Board of Directors, local small business owners, government leaders and community leaders. The meeting, facilitated by past Chamber president and local business owner, Joanne Valliere, was called to discuss how the extended lockdown is impacting small businesses across the region.

The meeting was used as a forum for small business owners and chamber members to articulate their concerns that have stemmed from the extended lockdown. Many local business owners are facing financial hardships and do not feel that the current government funding and resources offered are sufficient to sustain a business amid an extended lockdown.

Ontario Small Business Support Grant

January 2021 - Get Funded \$10,000 to \$20,000 if impacted

Covid-19 Funding

Update!

As of Wednesday, February 24th, we have approved over 67,000 applications with more than \$950 million in payments going to businesses in communities across the province.

Starting at \$10,000 for all eligible businesses, the grant provides them with funding to a maximum of \$20,000 to help cover decreased revenue expected as a result of the Provincewide Shutdown. In order to qualify, business must demonstrate that they experienced a revenue decline of at least 20 per cent when comparing monthly revenue in April 2019 and April 2020.

This time period was selected because it reflects the impact of the public health measures in spring 2020, and as such provides a representation of the possible impact of these latest measures on small businesses. New businesses established since April 2019 are also eligible provided they meet the other eligibility criteria.

And to help keep businesses informed with the most up to date information, there's now a new way for them to check the status of their application

online: <https://www.app.grants.gov.on.ca/msrf/#/home#BSGStatusWindow>

The applicants would need to scroll down to the section marked “ **Check Ontario Small Business Support Grant application status**” as indicated in the screenshot below. To check application status, authorization number and CRA business number are required.

CEAP - SB Eligibility Update!

Updated eligibility

rules for the COVID-19 Energy Assistance Program-Small Business, means more customers can get help with their energy bills.

Les règles d'admissibilité au Programme d'aide aux impayés d'énergie en raison de la COVID-19 pour les petites entreprises **mises à jour** aident plus de clients à payer leurs factures d'électricité.

The Government of Ontario recently simplified the eligibility criteria for the COVID-19 Energy Assistance Program for Small Business (**CEAP-SB**) making it easier for those struggling with their electricity and natural gas bills to access financial assistance. Through **CEAP-SB**, eligible small businesses and registered charities can receive a one-time, on-bill credit to help them catch up on their energy bills and resume regular payments.

Amounts of support have also been increased. A small business or registered charity can now receive up to **\$1500** towards their electricity and natural gas bills.

Any assistance you can provide in sharing these details is greatly appreciated. Funding is limited with applications being processed on a first-come, first-served basis. Attached to this email are materials (in English and French) on the expanded **CEAP-SB** criteria for your reference and use:

- Graphics for use on social media or other communications platforms.
- Short matte article for a newsletter, e-alert or social media post.

More information on **CEAP-SB** and how to apply can be found at the Ontario Energy Board's website at www.oeb.ca/ceap.

The Northern Ontario Heritage Fund Corporation (NOHFC) was established in 1988 with a mandate to promote and stimulate economic development initiatives in Northern Ontario by providing financial assistance to projects that stabilize, diversify and foster economic growth in the region.

The NOHFC is an operational service agency established under the enabling legislation of the Northern Ontario Heritage Fund Act. The NOHFC has an appointed Board of Directors, chaired by the Ministry of Energy, Northern Development and Mines. NOHFC's objectives are set out in the Northern Ontario Heritage Fund Act as follows:

1. to advise and make recommendations to the Lieutenant Governor in Council on any matter relating to the growth and diversification of the economy of Northern Ontario;
2. to promote and stimulate economic initiatives in Northern Ontario; and
3. to commission studies and enter into contracts in connection with the objects set out in clauses (a) and (b) above.

The NOHFC provides economic development funding toward approved projects in the territorial districts of Northern Ontario, namely Algoma, Cochrane, Kenora, Manitoulin, Nipissing, Parry Sound, Rainy River, Sudbury, Thunder Bay and Timiskaming.

Vision

NOHFC will be a catalyst for key strategic investments to stimulate economic development and diversification in Northern Ontario.

Mission

To partner with communities, businesses, entrepreneurs and youth across Northern Ontario to create jobs and strengthen the economy.

Who We Serve

For the NOHFC, Northern Ontario is defined as all areas North of, and including, the districts of Parry Sound and Nipissing.
